

Mike Kennedy Loses Battle with Covid-19

Mike Kennedy, a member of the DK community, died in Mexico after a courageous battle with Covid-19. Mike was 70 years old.

Mike had been a very successful businessman while living in Canada, founding, growing, and selling two businesses. After retiring he moved to Montana to enjoy his dogs and passion for hunting. Later Mike spent most of his time in Puerto Vallarta

Mike enjoyed much success with his dogs. Most notably when he led his dog Jurek KS von Kings Crossing successfully at the 2016 Dr. Kleemann Prüfung, in Laa/Thaya, Austria. Not only were they successful in passing the Kleemann, “Duke” as he was known, had the best search during the “Show Search” for all the Kleemann dogs.

Michael will be greatly missed by so many including his mother Beatrice, and his four children Olivia Chipperfield, Jackie Dewey, Tyler Kennedy and Glenn Kennedy. He will also be greatly missed by his four sisters Nancy Avichouser, Patty Kennedy, Marsha McConkey and Linda Brons. He also leaves behind his wonderful love and companion, mother of their son Glenn, Cecy Padilla and her two boys, Sebastian and Eduardo.

Mike was a good friend to all in the DK community and will truly be missed.
