

# Desert Mountain Region

The DKGNA Board of Directors has designated the Desert Mountain Region (DMR) as its first official Region. Comprised of the geographic area of Utah, Nevada, and state of Idaho south of the timeline. The DMR has been working towards meeting the requirements to be designated as a Region since the criteria was determined in the Spring.

The DMR met the membership threshold within their designated geographic area and the other requirements. John Heiner has been appointed by the DKGNA Board of Directors as the DMR Director. John will serve in that appointed position until next year when the DMR Directors position will be on the ballot for a three-year term. John will be eligible to stand for election at that time.

It is anticipated the Southeast area will be the next geographic area to qualify for designation as a Region.
