

Kurzhaar – Blatter

DKGNA members are encouraged to read the Kurzhaar – Blatter online at <http://www.deutsch-kurzhaar.de/KH-BL.htm>. The Blatter is the official DKV magazine that is published four times per year. Although published in German there is a message from President Michael Hammerer that is also in English.

While reviewing the magazine you can understand much of what is being presented with the test results and great pictures. You will recognize kennel names of dogs that club members have imported and people that you have met during their travels to the North America or that you

have heard their names.

It's a great way to expand your knowledge of the Deutsch-Kurzhaar world and enjoy our dogs even more.
