

Western Region Formed

At the January Meeting of the DKGNA Board of Directors the Western Region was officially formed. The WR territory will be comprised of Washington, Oregon, California, part of Idaho, Alberta, and British Columbia Canada.

Josh White, from Garden City, ID, has been appointed as the Western Regional Director. Josh is a Wildlife Biologist, Partners for Fish & Wildlife Program, US Fish & Wildlife Service, in Idaho.

There are approximately thirty-five members in the region. In 2022 the WR has scheduled eleven testing events in four different locations.

In the coming weeks John will be scheduling a Teams Meeting for all WR members to discuss the upcoming testing season, training opportunities, and the direction of the Western Region as we go forward.

Josh can be reached at wrdirector@dkgna.org or at 208-908-1826.
