It appears that there are a lot of dogs to test this year so please make your testing plans early. Test Coordinators are listed on the schedule. You can make your entries with them at this time. You will be able to pay entry fees on the DKGNA website soon. The link is:
https://dkgna.org/product-category/test-and-club-fees/

Remember, your submission for entry will not be considered until the completed entry form, all required supporting documents, and your entry fee has been received by the Test Coordinator. Tests are filled on a first come first served basis.
