Final approval of the Deutsch-Kurzhaar Club North America by the DKV will come at the DKV annual meeting in Fulda, Germany, on March.

The DKGNA Board of Directors continues to work hard to position the club for success. It is our hope that the DKGNA will be a model club where DK enthusiasts can work together to educate all interested persons in the techniques of training, breeding and caring for continental hunting dogs; to conduct tests of continental hunting dogs; to promote responsible breeding of continental hunting dog breeds; foster, improve, promote, and protect the continental hunting dog breeds in North America; and promote the interest of wildlife by fostering ethical hunting and the conservation of game through educational programs, the use of properly trained hunting dogs, and other means.
