

DKGNA 2020 Testing Season

The DKGNA Board of Directors is currently hard at work on the 2020 testing season. First we need to establish what dogs we have that need to be tested, in what tests, and where are they located. To that end we ask that each DKGNA member ask themselves those three questions and provide the information to Jörg Kaltenegger, DKGNA Director of Testing at TD-DOJ@dkgna.org.

Currently the Board has determined that we will have Spring and Fall tests in Cedar Fort, Utah, Walla Walla, WA, and Lillington, North Carolina. Others expressing interest include a Fall test in Montana, Fall test in Alabama, and Spring and Fall test in New Jersey.

We are very excited about the future and our ability to increase our testing schedule. We need to both serve our members and be financially responsible. To that end the Board has creating a “Criteria for Hosting a DKGNA Test”. We will be asking that each individual or group that wishes to host a DKGNA Test in 2020 review and complete the “Criteria” for review by the Board. The Director of Testing will review all applications and refer them to the Board of Directors for final approval. [*Click here to read the “Criteria for Hosting a DKGNA Test”*](#)

The Board will make the decisions on the 2020 tests dates and locations based on the feedback from the members on the number of dogs we have to test, in which tests, their location, which locations can best serve the members, and the host can best serve interest of the members and DKGNA.

Remember, we need to both serve our members and be fiscally responsible to the DKGNA. Please get Jörg the number of dogs you have to test, in which tests (Derby, Solms/AZP, VGP, ect.), and your location ASAP.
