

DKGNA Facebook Page

DKGNA Member Group Page

The Deutsch-Kurzhaar Group North America Facebook page is going to be our public page to promote the DKGNA. Through Facebook and other social media platforms, we are hoping to spread the passion for the dogs we've all come to love, both in the home and in field.

The focus of this page will be promotion of both the breed and the DKGNA as a club. Within the membership we have devoted members, great dogs, outstanding bloodlines, and dedicated breeders that we'd love to share with the Facebook community. We hope to grow our membership and expand the influence of the breed within the North America.

Keep an eye on the page for info pertaining to upcoming events and DK highlights!

We've gone ahead and kept it simple with the name being simply Deutsch-Kurzhaar Group North America and the handle on both Facebook and Instagram being **DKGNA**.

We are also launching the "**DKGNA Member Facebook Group Page**". We welcome all members to participate in what we refer to as "**Kurzhaar Kulture!**" This page is intended to be a hub for DKGNA club members for group discussion and member-only content intended to educate, inform and support members in training their DKs for DKGNA events and realizing their potential as versatile hunting companions. To be added as a member of this group, join the DKGNA and search Facebook Groups for "DKGNA Member Forum" and request to be added.
